Dear Harold,

Enclosed please find clippings of interest namely Ray obits and related MLK articles. Just finished reading Posner's book on MLK. Can you comment on Posner's characterization of the Ray brothers being racist individuals who would do anything for money. Can you tell me anything about what you are currently writing about Posner's book.

After all these years where do you believe that Ray found the Galt, Bridgman and Sneyd aliases?

Can you also tell me anything about the book that Joachim [redacted] Joesten had written about the MLK case.

Hope you are both doing well. How is Lil doing with her legs and how are you? Is the housepainting coming along OK?

Will be in touch when there are more clippings to send.

Sincerely,

Jerry Wil
